Funded Trade Account Evaluations

Overview

Joe Rundle & Sachin Kotecha are seeking out talented traders to fund and join their ever-expanding team. Traders can use their own strategy and approach to achieve the 10% profit to get funded. The maximum overall drawdown allowed is 5% and the daily maximum loss allowed is 4%. Any market of the traders choice from Forex, Indices, Commodities, Shares, and Cryptocurrencies. There are no maximum or minimum trading days, Traders can pass the same day or take their time. The profit split is 75% so, unlike other companies, our incentives are aligned with no conflict of interest. We only make money when Traders make money. \$10,000 to \$1,000,000 Accounts Available.

Features

- 1-Step Evaluation
- Generate 10% Profit To Get Funded
- 4% Max Daily Loss
- 5% Overall Drawdown

A team with more than 37 years of combined experience in the world of trading and in the financial markets

Our Team

Joe Rundle

Former Bank of America Trader, Head of CFD's & Execution at ETX Capital, Director of Trading at ThinkMarkets, CEO at Markets.com, Chief of Staff at capital.com & currency.com. Joe Rundle brings a wealth of experience having run multiple trading desks at various companies. Joe has since created a trading firm.

Sachin Kotecha

Former University Academic Sachin Kotecha started currency trading in 2005 whilst at University studying BEng/MSc/PhD in Engineering and created Sach Capital in 2014. Sachin has taught hundreds of students worldwide to become better traders and is a respected and reputable trade education provider. Sachin also authors for FXStreet.

Macroeconomic Fundamental Analysis

Overview

An in-depth Fundamental Macroeconomic Analysis of 18 Currencies as used in our own proprietary trading. Over 300 Macroeconomic metrics! 96 Currency Pairs! Over a 20 year backtest! Always Keeping Traders one step ahead of the markets! Our Global Macroeconomic Fundamental Analysis Models uses a combination of leading, lagging and coincident Macroeconomic Indicators to give Traders a Fundamental Outlook on the given currencies and currency pairs. We have created the Excel files to be very user friendly, Traders simply just need to open the Excel File from their unique link and Excel does the rest. The Excel File URL the Trader receive is linked to our Macroeconomic Fundamental Analysis Excel File that we use in our own trading via OneDrive – when we update our file with any of the 312 Macroeconomic Data, the Traders excel file gets updated automatically. Simple!
